Description:

A68 JADE REBOOT is a spray sealant that incorporates the durability and hardness of glass in an easy to apply spray and wipe formula. More than a spray wax, A68 JADE REBOOT is made with ceramic silica technology that leaves a surface glassy and smooth. Easy to use on all surfaces, A68 JADE REBOOT leaves paint, chrome, plastic and glass extremely hydrophobic for 3-6 months.

Directions:

Shake well. Test product in an inconspicuous area before applying to the entire vehicle. Surface should be clean and free of solvents or wax before applying A68 JADE REBOOT. Product may be applied on top of other ceramic coatings. Apply the product after washing, when vehicle surface is clean, dry and cool; do not work in direct sunlight. Wipe off with a clean, dry microfiber towel. If residual product produces a haze, continue wiping.
